SUMMARY

Web developer with a strong background in computer science, graphic and UI design. Looking for a position which will further my technical and design expertise. Hoping to contribute my skills to a creative cutting edge forward thinking company.

EXPERIENCE

Tendrill – Boulder, CO June. 2015 – Dec. 2015

Software Development Intern

- Created a web application for managing and validating client's data to insure that it was compatible with other Tendrill services.
- Built an interface for monitoring the status of applications deployed on development, staging and production servers.

Spectra Logic – Boulder, CO June. 2014 – Sept. 2014

Software Engineering Intern

- Worked with a large team of engineers to create a web interface for Spectra Logic's new cloud based data archiving tape libraries.

ISupportU – Boulder, CO May. 2012 – Sept. 2012

IT Intern

- Assisted with debugging client's websites.
- Repaired damaged electronics and computers.

EDUCATION

University of Denver – Denver, CO Sept. 2012 – June. 2016

- B.S. Computer Science
- Minors: Mathematics, Emergent Digital Practices

SKILLS

- **Web Development:** JavaScript, Ruby, PHP, HTML, CSS
- **Frameworks & Libraries:** Node.js, AngularJS, React, Rails, jQuery, Bootstrap
- **Other Languages:** C#, C++, Java, Bash Scripting
- **Databases:** PostgreSQL, MySQL, MongoDB
- **Practices:** REST / JSON-RPC Web APIs, BDD design, Git & SVN, Agile development
- **Operating Systems:** Linux (Ubuntu), OSX, Windows(7)
- **Design Experience:** Adobe (Photoshop, Adobe Illustrator), Gimp

ACHIEVEMENTS

Hornbeck Scholarship Recipient – 2016

- Earned a 4.0 GPA as part of the Ritchie School of Computer Science
